

# Phone or Tablet

How to upload photos and videos to your child's page :

The image shows a sequence of four screenshots from the ClassDojo mobile app, illustrating the steps to switch to a child's account and create a new portfolio item. The screenshots are arranged in a grid-like fashion, with arrows indicating the flow from one step to the next.

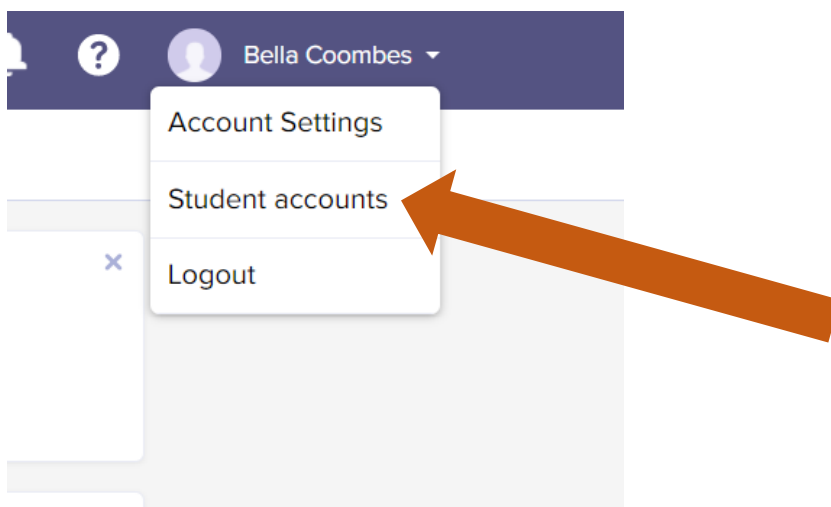

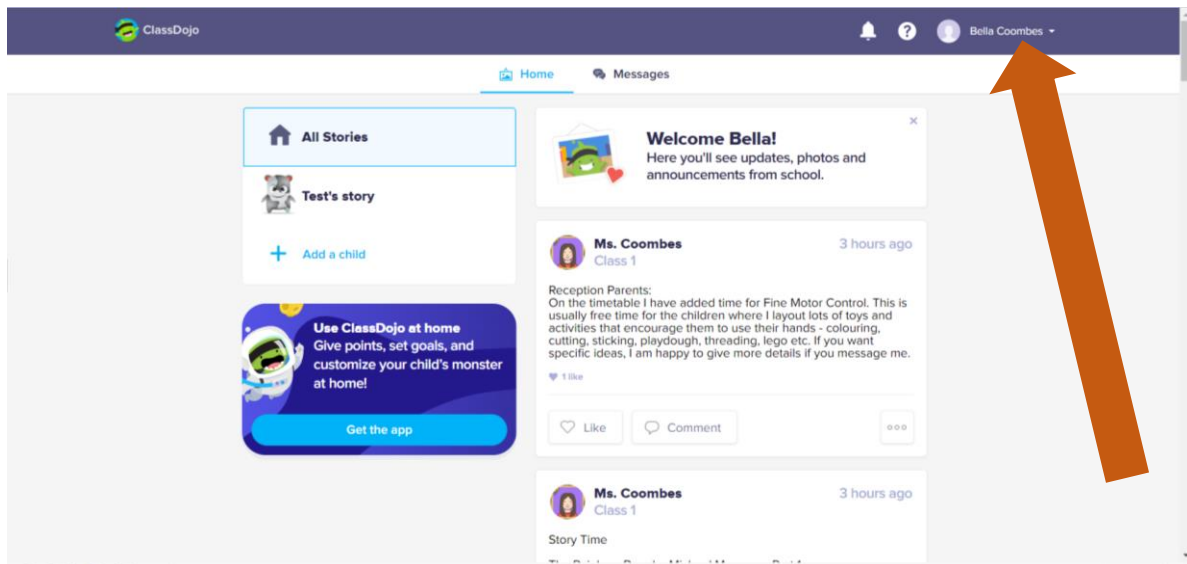

- Step 1:** The first screenshot shows the main ClassDojo interface. A red arrow points to a circular profile picture icon in the top left corner. A text box next to it says "1. Click on this circular".
- Step 2:** The second screenshot shows the "Switch account" menu. A red arrow points to the profile picture of "Test Test" (Student). A text box next to it says "2. Change to your child's account by clicking their name."
- Step 3:** The third screenshot shows the profile page for "Test Test". A red arrow points to the "Class 1" button. A text box next to it says "3. Click on your class."
- Step 4:** The fourth screenshot shows the "Class 1" page with a "My Portfolio" section. A red arrow points to the "Create new" button. A text box next to it says "4. Click create new."

5. Click what you are uploading.

Class 1  
Reception class:  
On the 18th I have added time for Fine Motor Control. This is usually done for the children where I layout lots of toys and activities to encourage them to use their hands - colouring, cutting, stringing, playdough, threading, lego etc. If you want more details, I am happy to give more details if you message me.
